Welcome to the Land of Enchantment!

Program Objectives

• Identify prevention and treatment of altitude illness based on an understanding of the underlying physiology
• Recognize and properly manage frostbite in the field
• Identify and treat hypothermia in the field
• Identify fracture and dislocation in the wilderness
• Identify the pathophysiology, and treatment of heat related illness

Target Audience:
Primary care physicians, nurses, physician assistants, and other health care providers who might encounter patients in remote settings or who may treat patients that develop medical problems after visiting remote areas. No outside commercial support has been received for this activity.

Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Center for Emergency Medical Education (CEME) and Wilderness and Travel Medicine, LLC.

The Center for Emergency Medical Education (CEME) is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation: The Center for Emergency Medical Education (CEME) designates this live activity for a maximum of 32.75 AMA PRA Category 1 Credits™ (Main course - maximum of 24.25 AMA PRA Category 1 Credits™, Optional Global Health/Humanitarian Medicine Symposium, maximum of 8.50 AMA PRA Category 1 Credits™). Physicians should claim only the credit commensurate with the extent of their participation in the activity. This activity is anticipated to offer up to 32.75 hours of AOA Category 2-A CME credit, pending approval by the AOA.

This activity is anticipated to offer up to 32.75 hours of AOA Category 2-A CME credit, pending approval by the AOA.

Disclosure: It is the policy of Center for Emergency Medical Education (CEME) to ensure balance, independence, objectivity, and scientific rigor in all its sponsored educational activities, and that all contributors present information in an objective, unbiased manner without endorsement or criticism of specific products or services and that the relationships that contributors disclose will not influence their contributions. Those in a position to control the content of this educational activity are required to disclose to learners all relevant financial relationships with any commercial interests prior to the beginning of the educational activity.

Resolution of Conflicts of Interest: In accordance with the ACCME Standards for Commercial Support of CME, the Center for Emergency Medical Education implemented mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

AAFP: Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

ACEP: Application for CME credit has been filed with the American College of Emergency Physicians. Determination of credit is pending.

Nurse Credit: Under the new BRN guidelines, this course is also accredited for up to 32.75 hours of nursing credit.

Physician Assistants: The American Association of Physician Assistants accepts Category 1 CME approval from organizations accredited by the ACCME.
Welcome to Santa Fe

Santa Fe is unlike any other destination in the country, and in fact, is nicknamed “The City Different.” There is a colorful, international-style charm about Santa Fe that has attracted people for almost 400 years. It is the oldest capital city in the United States, founded in 1607, and is unique in the blending of Native American, Hispanic, and Anglo cultures. The center of town is the Plaza, a tree-lined park surrounded by businesses and historic churches, much like in traditional European cities.

**SETTING/CLIMATE** – Santa Fe is a place of enchanting beauty, set at 7,000 feet in the Rocky Mountain foothills. It has indescribable blue skies and boasts over 300 days of sunshine each year. As you experience its pure light, and feel its positive energy, you’ll understand why this city has attracted so many artists over the years and become a major international art center. You can expect temperatures to range from 70-80°F during the day, 45-50°F at night.

**ART/CULTURE** – Despite its small population of 56,000, Santa Fe has incredible cultural opportunities. At any time of year, visitors can enjoy noted music, theater, or dance performances. Santa Fe is indeed a city of museums including several that focus on art and others on Native American history and culture. More than 200 art galleries display a vast array of works.

**SHOPPING** – Santa Fe is renowned world-wide as a shopper’s paradise—with good reason. Much of the merchandise is made in Santa Fe and the Southwest, including art, specialty food products, clothing, jewelry, woven and leather goods, pottery and wood furniture.

**INDIAN PUEBLOS** – While touring the Santa Fe area, be sure to visit some of the nearby Indian Pueblos, among the oldest communities in America. Attend ceremonial dances and experience first-hand a way of life basically unchanged for hundreds of years.

To enhance your overall experience during this special week in Santa Fe, we are offering a variety of social and recreational activities that can be enjoyed individually or as a family. A brief outline follows, and detailed information can be found at www.wilderness-medicine.com.

**REGIONAL EXCURSIONS** - Santa Fe is a natural base for excursions into northern New Mexico. The area surrounding Santa Fe is dotted with hundreds of sites from early American cultures, such as those at Bandelier National Monument, Pecos National Historic Park and the Puye Cliff Dwellings.

**RAFTING** - The most popular trip on the Rio Grande is the nearby 1/2 day "Racecourse". Exciting class II & III whitewater rapids, perfect for first time or experienced paddlers. A beautiful canyon and a snack along the banks of the Rio make for a great afternoon.

**HIKING** - Bandelier National Monument - The park harbors Anasazi (early Pueblo Indian) ruins and cliff dwellings among deep canyons and cliffs on the edge of one of the largest inactive volcanoes in the world. Join us for a trip to the ruins of prehistoric Tyuonyi Village and see how families lived 2000 years ago.

**HISTORIC SANTA FE TOUR** - The Santa Fe Historic Walk; Art and Shopping Introduction; View historic buildings, get restaurant information and location of museums. Tours are guided and last around 2½ hours.

**WINE TASTING OF SANTA FE** - Enjoy a four hour private guided wine tasting tour of Santa Fe.
WILDERNESS SURVIVAL “COME BACK ALIVE”
Wednesday, May 24  9:00 am – 4:00 pm
A dynamic hands-on survival training program designed to provide attendees with real skills and experience in a short time. Howard Donner, MD, a renowned expedition physician, and Kyle Allred, PA-C will teach practical, hands-on techniques and demo equipment to help you survive a wilderness survival emergency. This exciting, all day workshop is conducted both in the classroom and outdoors at our local field site. Limited enrollment. Register early!
Topics and experiences include:
• Building micro-survival kits
• Protective gear and technology
• Building fires
• Safe travel / signaling for rescue
• Emergency shelter building
• Improvisation skills
Faculty: Howard Donner, MD and Kyle Allred, PA-C  $135

MAP AND COMPASS NAVIGATION ESSENTIALS:
Wednesday, May 24  1:00 pm – 4:30 pm
Become confident in orienteering! Hands-on training in direction finding, detailed map reading, plotting routes, and calculating slope of terrain. Compass activities to improve accuracy when following a direction, adjusting for declination, and using a map / compass together for navigating a planned route. Maps and compasses are provided.
Faculty: Sheryl Olson, RN  $75

PRACTICAL WILDERNESS MEDICINE SKILLS
Wednesday, May 24  8:00 am – 4:00 pm
This intensive and fast paced workshop will include:
• Assessment tips for the wilderness medical provider
• Improvised evacuation / litter packaging
• Small group rescue techniques
• Field management of spine injuries
• Improvised splinting, and much more
Includes all equipment, critiqued skills and scenario practice.
Carl Gilmore, WEMT  $135

THE PROGRAM
Wednesday, May 24, 2017

4:00-7:00 pm Registration & Welcome Reception
Live music and refreshments

7:00 pm Setting the Stage:
Introduction to Wilderness Medicine
Gene Allred, MD

7:10 pm Altitude Illness:
Best Practices for Prevention and Treatment
Peter Hackett, MD

8:00 pm Preparing a Medical Kit for Outdoor Enthusiasts
Howard Donner, MD

9:00 pm Special Evening Program (Guests Welcome)
Frontiers in Humanitarian Medicine
Mike VanRooyen, MD, MPH, FACEP

Thursday, May 25, 2017

7:00 am Late Registration / Continental Breakfast / Exhibits

8:00 am Surviving the Unexpected Night Out: “Learn to Return”
Brian Horner

8:50 am Arthropods Bites & Stings
Timothy B. Erickson, MD, FACEP, FACMT, FAACT

9:40 am Coffee Break

9:50 am Foreign Travel:
Updates In Strategies and Preparation
Mike VanRooyen, MD, MPH, FACEP

10:40 am Hypothermia - Current Management
Peter Hackett, MD

11:30 am Snakebites - Prevention and Treatment
Timothy B. Erickson, MD, FACEP, FACMT, FAACT

12:20 pm Free Time - Enjoy Santa Fe (See recreation/workshops)

7:00 pm A Life of Exploration and Adventure in Photography (Guests Welcome)
Nevada Weir

8:00 pm Medico-Legal Issues in Wilderness Medicine: Avoiding Lawsuits
Valerie Dobiesz, MD, FACEP
Friday, May 26, 2017

7:00 am  Coffee Service / Films / Exhibits
8:00 am  Backcountry Trauma Management and Improvised Care  
Karen Van Hoesen, MD, FACEP
8:50 am  Traveler’s Diarrhea, Giardia, & Other Wilderness Infections  
Phil Rasori, MD
9:40 am  Coffee Break
9:50 am  Highlights in Wilderness Dermatology  
Jeri Mendelson, MD
10:40 am  Malaria, Dengue, and Other Mosquito-Borne Diseases  
Phil Rasori, MD
11:30 am  Fracture and Dislocation Management in the Backcountry  
Joseph B. Serra, MD
12:20 pm  Free Time - Enjoy Santa Fe (see recreation) or Attend an Optional Workshop
7:00 pm  Latest Innovations in Wilderness Gear and Technology  
Kyle Allred, PA-C
7:50 pm  Avalanche Survival, Safety, and Rescue  
Lanny Johnson, FNP/PA
8:40 pm  Special Evening Program (Guests Welcome)  
Wild Animal Attacks: Patterns and Prevention  
Brian Horner

Saturday, May 27, 2017

7:00 am  Coffee Service / Films / Exhibits
8:00 am  Is There a Doctor on Board? Emergent Medical Care at 38,000 feet!  
Howard Donner, MD
8:50 am  Lyme Disease and Other Tick-Borne Diseases  
Jeri Mendelson, MD
9:40 am  Coffee Break
9:50 am  Flood and River Rescue, Medicine, and Safety  
Kyle Allred, PA-C
10:40 am  Diving and Marine Medicine  
Karen Van Hoesen, MD, FACEP
11:30 am  Mountain Search and Rescue: Decision Making in the Backcountry  
Lanny Johnson, FNP/PA
12:20 pm  Free Time - Enjoy Santa Fe (see recreation) or Attend an Optional Workshop
7:00 pm  Banquet & Special Presentation (Guests Welcome)  
7:50 pm  “The Spirit of Adventure Travel” – A Multimedia Presentation
8:00 pm  Special Evening Program (Guests Welcome) Planning for an Expedition - Lessons From Around The World  
Howard Donner, MD

Note: Time, topics and speakers may vary somewhat from published brochure and syllabus.
* Banquet is optional. Tickets are $55. Located at Eldorado Hotel.
Sunday, May 28, 2017

WORKSHOPS & CONCURRENT SESSIONS

8:00 am - 1:00 pm Participants may attend 5 different workshops of their choice. (One hour each - listed below.) The workshops below are included in your course tuition, and do not require pre-registration.

1 WILDERNESS WOUND MANAGEMENT: Learn state-of-the-art techniques for laceration closures and wound care in the backcountry. Wound cleansing, improvised closures, and antibiotic use will be covered. Lanny Johnson, FNP/PA

2 FRACTURE & DISLOCATION MANAGEMENT: Methods for recognizing, and treating fractures and dislocations in the backcountry will be demonstrated. Joseph B. Serra, MD

3 TAKING CHILDREN SAFELY INTO THE WILDERNESS: Learn how to maximize enjoyment, appreciation, and safety on family wilderness trips. Karen Van Hoesen, MD, FACEP

4 BACKCOUNTRY WATER PURIFICATION: How to effectively purify and disinfect surface water. Participants may have the opportunity to test different water purifiers and learn about chemical and natural water purification techniques. Important for health care providers in third world and wilderness environments. Howard Donner, MD

5 LIGHTNING INJURIES AND PREVENTION: A review of prevention and emergency treatment of lightning related injuries. Sheryl Olson, RN, BSN

6 FROSTBITE—CURRENT MANAGEMENT: A review of the prevention and field treatment of frostbite and other cold injuries. Howard Donner, MD

7 ORIENTEERING / ROUTE-FINDING: Basic navigation including map reading skills and use of compass. Sheryl Olson, RN, BSN

8 AVALANCHE AWARENESS: Minimizing risks in avalanche terrain. Practice use of beacons for locating victims. Lanny Johnson, FNP/PA

9 EYE PROTECTION IN THE BACKCOUNTRY: Strategies for choosing the right protection and improvising protection when necessary. Methods for prevention and treatment of problems such as UV photokeratitis and corneal abrasions. Howard Donner, MD

10 PRACTICAL SPLINTING SKILLS: Learn techniques for immobilizing fractures, C-spine injuries, sprains and strains in remote environments using SAM splints and improvised materials. Kyle Allred, PA-C

11 ASSESSMENT AND IMPROVISED TREATMENT AND PACKAGING OF TRAUMA PATIENTS: Participants will practice utilizing improvised and specialized rescue equipment to splint, stabilize and transport trauma victims. Carl Gilmore, WEMT

About Our World-Class Faculty

GENE ALLRED, MD: Emergency Physician; whitewater guide for over 20 years; swiftwater rescue instructor; avid back-packer, canyoneering, backcountry skier, scuba diver, sea kayaker. Has taught wilderness medicine on six continents. Director of National Conference on Wilderness Medicine.

VALERIE DOBIESZ, MD, FACEP: Director of External Programs: STRATUS Center for Medical Simulation, Department of Emergency Medicine, Brigham & Women's Hospital; Harvard Medical School; Harvard Humanitarian Initiative

HOWARD J. DONNER, MD: Member 1997 NOVA Everest Expedition; NASA consultant; expedition physician, 1988 Kangchenjunga (28,121’) Expedition; Medical Officer, Denali Medical Research Project; Co-author of Field Guide to Wilderness Medicine.

TIMOTHY B. ERICKSON, MD, FACEP, FACMT, FAACT: Chief, Division of Medical Toxicology, Department of Emergency Medicine, Brigham and Women’s Hospital; Harvard Medical School, Harvard Humanitarian Initiative

PETER HACKETT, MD: Clinical Professor of Emergency Medicine, University of Colorado Denver; Founder and Director, Institute for Altitude Medicine, Telluride; Summitted Mt Everest in 1981.

LANNY JOHNSON, FNP/PA: Medical director for Jackson Hole Ski Patrol; mountaineering guide for over 20 years; former climbing park ranger and medical advisor, Grand Teton National Park.

JERI MENDELSON, MD: Dermatologist, Medford, Oregon; Formerly Wildlife Biologist with Smithsonian in Thailand.

SHERYL OLSON, RN, BSN: Outdoor survival and navigation instructor; flight nurse; wilderness safety instructor; back-pack and adventure trip guide; Manitou Springs.

PHIL RASORI, MD: Medical Director of Village Hopecore International; travel medicine and global health consultant; formerly Assistant Clinical Professor of Medicine UCSF.

JOSEPH B. SERRA, MD: Founding Member of the Wilderness Medical Society; Orthopaedic Surgeon, Stockton, California; 25 year member, National Ski Patrol; Rotary International to Africa.

KAREN VAN HOESEN, MD, FACEP: Associate Professor of Emergency Medicine, UCSD School of Medicine; Director, UCSD Diving Medicine Center.

MICHAEL J. VANROOYEN, MD, MPH, FACEP: Director, Harvard Humanitarian Initiative; Director, Vice Chairman, Dept. of Emergency Medicine, Brigham and Women’s Hospital; Professor of Medicine, Harvard Medical School and Harvard School of Public Health.

KYLE ALLRED, PA-C: Professional expedition and whitewater guide. Has guided extensively in Africa (Kilimanjaro), South America (Inca Trail, Aconcagua), Asia (Everest region), and Europe. Co-founder of MedCram.com and MedWild.com.

SCOTT KUIPERS: Wilderness Survival Skills Instructor; professional tracker and guide.

CARL GILMORE, WEMT: University of New Mexico Paramedic Instructor Coordinator; Wilderness Medicine Instructor, Taos, NM.

BRIAN HORNER: President, Learn To Return, Anchorage, Alaska; USAF SERE; US Army SF Survival Instructor; Denali National Park High Altitude Rescue; Wilderness, SRT and Tactical Medicine Instructor; crash and fire fighting instructor; expeditionary medic and guide.

(In accordance with ACCME Standards and CEME policy, all faculty are required to disclose to the program audience any real or apparent conflict(s) of interest related to the content of their presentation(s).)
Wilderness Survival: This workshop is a hands-on skill building experience. Learn how to take basic skills and apply them to modern wilderness survival scenarios. Learn how to construct an emergency shelter, build fires, find water, signal to rescuers, assemble a survival kit, and improvise with tools and materials available.
Thursday, May 25, 1:00 - 4:30 pm. $60

Ropes and Knots for Wilderness Medicine and Rescue: Learn how to use ropes and tie knots for high angle rescue, swift water rescue, and improvised medical care.
Thursday, May 25, 1:30 - 3:30 pm. $40

GPS Navigation: Don’t get lost using a GPS! This class will take your GPS skills to the next level. Learn to mark waypoints, retrace a route, plot GPS waypoints on a map, and input data into the receiver. Universal Transverse Mercator position format, used by Search and Rescue teams, will also be taught. GPS units and maps are provided.
Saturday, May 27, 1:00 - 4:30 pm. $75

Tracking Workshop: Learn the lost art of tracking and the ability to notice subtle disturbances in the environment left behind by others (called sign cutting). These skills are fun to learn and can be life saving— for finding lost persons and getting out of trouble. Friday, May 26 or Saturday, May 27, 1:00 - 4:30 pm. $75

Map and Compass Navigation Essentials: Become confident in orienteering! Hands-on training in direction finding, detailed map reading, plotting routes, and calculating slope of terrain. Compass activities to improve accuracy when following a direction, adjusting for declination, and using a map / compass together for navigating a planned route. Maps and compasses are provided.
Friday, May 26, 1:30 - 4:30 pm. $75

Wilderness Wound Management: A practical workshop on cleaning and suturing a laceration in a non-sterile environment. Participants will have the opportunity to practice suturing, stapling, taping, and tissue gluing techniques on pig limbs. All supplies provided.
Saturday, May 27, 3:30 - 5:30 pm. $60

Practical Wilderness Medicine Skills: Learn the art and skills necessary to perform effective backcountry assessment of an injured patient. Learn and practice improvised splinting techniques using materials commonly found in the backcountry along with packaging and transportation skills.
Friday, May 26 and Saturday, May 27, 1:30 - 3:30 pm. $60

Predator Attacks Workshop- Causes, Avoidance, and Survival: Brian Horner, survival expert from Alaska, will teach how to better avoid animal attacks and what to do in case of attack. The program has “hands on” sessions dealing with use of bear spray and other deterrent devices and survival techniques.
Thursday, May 25, 1:00 - 5:00 pm. $75

Urban Survival Workshop: A detailed and practical session on survival skills for the urban environment. Topics include: being taken hostage, protecting your family, surviving aircraft crashes, surviving an earthquake, and equipment/ supplies used for disaster management.
Friday, May 26, 1:00 - 5:00 pm. $75

Fire Building for Survival: From stoves, to friction, to using the sun! This workshop gives participants hands-on experience in generating heat in every emergency and every environment. Survival expert Brian Horner takes students outdoors and concentrates on actively allowing practice building fires from the ground up.
Saturday, May 27, 1:00 - 5:00 pm. $75

Preparing for Foreign Travel: The foreign travel preparation you need to know: water purification, medications, clothing, communication, emergency preparedness, travel insurance, dietary considerations, and hygiene. Improving these skills will enhance your safety, comfort, and well-being during international travels.
Thursday, May 25, 1:15 - 3:15 pm. $40

Backcountry Orthopaedics: Don’t know how to tape an ankle? Join this class and you will learn! You don’t carry a cervical collar? Make one simply using a SAM Splint. Expand your medical kit of “know-hows” by practicing shoulder reductions, immobilizing a knee, improvising a sugar tong forearm splint, and more! Sam Splint included.
Thursday, May 25, 3:30 - 5:30 $40

Optional Educational Seminar
Travel and Outdoor Photography: In two intensive half-day sessions, Nevada Wier, an award-winning National Geographic photographer, will combine lectures and outdoor demonstrations. She will discuss how to combine technical, practical and creative aspects of travel photography in order to get an image that elevates itself above the usual travel clichés. A lecture will follow with slides on light – how to photograph all hours of the day, and in all elemental and lighting conditions.
Thursday, May 26 and Friday, May 27, 1:00 - 4:00 pm. Faculty: Nevada Wier. $75
Optional Pre-Conference: Global Health / Humanitarian Medicine Symposium

Wednesday May 24, 2017

Symposium concept:
This optional workshop is accredited for 8.5 additional hours of CME credit. Humanitarian Medicine overlaps in a significant way with Wilderness Medicine because both involve rendering health care in remote or austere environments with minimal equipment and supplies. The symposium will focus on ways to improve the effectiveness of humanitarian strategies for relief, protection, and prevention. Global health plays an increasingly crucial role in global security. The symposium addresses critical global health threats and how we might respond to some of the complex health issues that challenge us all.

This optional symposium which precedes the National Conference on Wilderness Medicine is Co-Sponsored by The Brigham & Women's Hospital & The Harvard Humanitarian Initiative. It brings together several well-known authorities in Global Health / Humanitarian Medicine.

Schedule for Optional Pre-Conference Symposium on Global Health / Humanitarian Medicine

Co-Sponsored by The Brigham & Women's Hospital & The Harvard Humanitarian Initiative

Syposium Co-Directors
Michael J. VanRooyen, MD, MPH, FACEP: Director, Harvard Humanitarian Initiative; Director, Vice Chairman, Dept. of Emergency Medicine, Brigham and Women's Hospital; Professor of Medicine, Harvard Medical School and Harvard School of Public Health.
Timothy B. Erickson, MD, FACEP, FACMT, FAACT: Chief, Division of Medical Toxicology, Department of Emergency Medicine, Brigham and Women's Hospital; Harvard Medical School, Harvard Humanitarian Initiative.

Remainder of faculty listed on faculty page.

Cost of symposium (includes lunch) $150

All proceeds from this CME Symposium will go to the Harvard Humanitarian “Scholars at Risk” Program http://projects.iq.harvard.edu/scholarsatrisk/home

This optional workshop is accredited for 8.5 additional hours of CME credit.
A wide selection of hotel rooms and condominiums have been reserved for conference participants. Please make your reservations as early as possible – May is “prime time” in Santa Fe. See each property below for how to make your group-rate reservations. To book our group rates online visit the travel & accommodations page at wilderness-medicine.com

LAS PALOMAS DE SANTA FE – Nestled in a tree-covered compound just three blocks from Santa Fe’s Historic Plaza, you will find the charm, elegance, and ambiance that makes this such a special place. Studio rates begin at $119 per night, plus tax and 1 bedrooms start at $179 per night, plus tax. For reservations call the Hotel Santa Fe Hotel Group directly at 800-825-9876 or email at stay@hotelsantafe.com, and identify yourself as a participant of the Wilderness Medicine Group.

TRAVELING TO SANTA FE
Albuquerque has excellent air service, and is easy to get to from any major city in the USA. Wilderness Medicine has negotiated 2-5% discounts on airline fares, and 5-15% discounts on car rentals for our conference attendees. Please visit the travel page on our website for the discount codes and contact information of the participating airline and car rental companies.

ENROLLMENT Advance registration is required and attendance will be limited. Tuition includes syllabus, reception, and continental breakfast. Sponsors cannot be responsible for travel difficulty due to road or weather conditions. We strongly recommend the purchase of travel insurance when you register. To register, please fill out the application below and mail with payment or go to www.wilderness-medicine.com.

“TEAM” (group) DISCOUNTS – 3 or more participants from the same institution can sign up simultaneously for a 20% discount on each registration (restrictions may apply). All group members must register by April 24, 2017. Cancellations received in writing at least four weeks prior will receive a refund less a $100.00 Administrative fee. There will be no refunds for cancellations received after that time.
